主たる研究テーマ Principal Research Subject	Development of Materials for Teaching Swahili as a Foreign Language
<p>My plan for this year was to conduct a study on Swahili grammar and Conversation, and to continue collecting materials for publishing textbooks of Swahili Language and Culture as a measure to fill the current gap in reference materials for the courses that I teach.</p> <p>I would like therefore to report that from the initial collection of materials, I have submitted an article on Swahili Culture titled “Makuzi na Hatua za Maisha katika Utamaduni wa Kiswahili” (The Upbringing and Life Stages in Swahili Culture) to the journal: <i>Frontier of Foreign Language Education</i>, Graduate School of Language and Culture, Osaka University. Once published it is my hope that the article will serve as a reference material for both learners and instructors of Swahili Language and Culture.</p>
