平成 29 年度 研究計画 (ホームページで公開) Research Plan FY2017 (Post on Website)

主たる研究テーマ Principal Research Subject	Development of Materials for Teaching Swahili as a Foreign Language				
<p>My plan for this academic year is to conduct a study on Swahili grammar and conversation, and continue to collect materials for publishing textbooks of Swahili language and culture.</p> <p>As stated in my last year plan this is an initial initiative to produce sufficient reference materials for the courses on Swahili language and culture. Currently there is a gap in reference materials (text books) for the courses I teach, and at large textbooks for various levels and skills needed for both learners and instructors of Swahili as a foreign language and its culture.</p>
