| <p>In the year 2019, the cities of São Paulo (Brazil) and Osaka will celebrate 50 years of friendship. This project aims to report, in verbal and image text, our photographic experience in traditional urban areas of these metropolises: Rua Augusta (Sao Paulo) and Shinsekai (Osaka). In addition to that, this part of the project (6-8 months) seeks to develop instant narratives of memory and art using street photography as a modality to discuss and represent these multifaceted cities in Asia and South America.</p> <p>I intend to photograph the city of Osaka and make a selection of about 10-20 images to be exhibited in São Paulo. The objective will be evaluate the urban differences and the economic and social elements that bring them closer as sister cities, based on current images of the two metropolises.</p> | | | | | |
