氏名 Name	ガルシア ナランホ ホセファ
専門分野 Academic Field	Linguistics (Applied linguistics)

平成 30 年度 研究計画 (ホームページで公開) Research Plan FY2018 (Post on Website)

主たる研究テーマ Principal Research Subject	The available vocabulary and the importance of self-correction in the development of fluency in oral skills				
研究計画 (400 字～500 字で記入すること。) Research Plan (Approximately 100 Words)					
<p>This year I am working in two research lines, both included in the field of Didactics of Spanish and the Applied Linguistics:</p> <ol style="list-style-type: none"> 1. The importance of self-correction and the development of some techniques for students, that enable them to self-learn in oral skills, both in listening and speaking. Through level auditions and oral presentations, we intend to insist on Learning to Learn skill. The goal is that students become to know the functional and lexical elements that help them to increase their oral fluency. 2. Analysis of the available lexicon on Spanish of the Japanese students of different levels, in order to future implementation and creation of activities and materials that ensure the enrichment of their vocabulary. 					
共同研究可能な分野 Research Fields feasible for joint research *1	Foreign Language Didactics	Linguistics	Methodology and Lexicology	Self-correction	
キーワード Keywords*2	Available Lexicon in Japanese Students	Oral skills and fluency	Spanish communication
