研究計画 Research Plan	<p>Andisheh o Honar (1954-2009) was an Iranian journal on literature, art, human science. The main editor of the intellectual journal, Nasser e Vosoughi (1922-2010), has suggested many new Persian words as the meanings of Western concept about literature, art, human science. Some of the words are now used in Persian. I am editing the Vosohgi words by a book and I am trying to write an introduction on them.</p>
