平成 26 年度 研究計画 Research Plan FY2014

主たる研究テーマ Principal Research Subject	The similarities and differences between Japanese proverb and Indonesian proverb				
<p>Japan and Indonesia has some geographic similarities e.g. both are surround by the ocean, but there is a difference because of the weather. As this there are so many common and different thing in both.</p> <p>So many times various and different forces influenced these two countries.</p> <p>This influence can be seen in every walk of life such as language and customs.</p> <p>I want to study this similarities and differences which are found in the proverbs of both language.</p>					
共同研究可能な分野 Research Fields feasible for joint research
