

平成 26 年度 研究計画書

Research Plan FY2014

講座名・職名 Course Title・Job Title	トルコ語学科・准教授 Turkish・Associate Proffessor
氏名 Name	Abdurrahman Gülbeyaz
専門分野 Academic Field	言語学・Linguistics

平成 26 年度 研究計画 Research Plan FY2014

主たる研究テーマ Principal Research Subject					
研究計画 Research Plan	<p>The research was launched in early 2012 with the aim of examining and documenting how transformations in the socially relevant semiotic systems are related to social changes in general, and to social conflicts in particular, on the basis of a limited number of well-defined examples, with the objective of developing a practice-oriented theory of “conflict reading” which could be employed as a kind of “early warning system”, with the help of which both efficient preventions of destructive social conflicts and sustainable post conflict treatment could be carried out.</p> <p>In the final stage of the project the achievements of dissemination of research achievements will be realized by way of academic and public presentations / publications of research findings.</p>				
共同研究可能な分野 Research Fields feasible for joint research	linguistics	sociology	social systems engineering/ safety system	social psychology	
キーワード Keywords	semiotics	linguistics	socio-linguistics	social conflict
